FIRM MARKET; DEMAND GOOD

Stocks all along the line today were firm but rather quiet, with the exception of an unrecorded purchase of Oahu. The feature of today's market was the rise in Brewery stock to \$23, following the steady strengthening of this stock for some weeks back. Excellent brew prospects are given them credit for the buoyancy of the market.

Pioneer was firm at \$230 a share today, several blocks of ten shares each changing hands on the board, and Wailuku shows no symptoms of falling below \$129. Fifty shares of McBryde sold at \$7, the slight slump in this stock immediately bringing a buyer to show that wise investors are watching for good pick-ups now. As a matter of fact, brokers say there is little stock afloat at present prices, and that any considerable demand will certainly strengthen the quotations almost immediately.
